## ALTITUDE GRAPH

**Bamsarukhal is one of the remote passes of Garhwal Himalayas that is tucked away on the sharp moraine ridge in the proximity of Banderpunch Peak, Dodi Tal and Gidara Bugyal. You can call this trail a no mans land as only wilderness and scenic vistas will be there to accompany you.**

At 4680mts, Bamsarukhal offers splendid views of Garhwal Himalayas and aerial view of the dense forest and the most beautiful meadows of Uttarakhand - Gidara and Dayara.

This is a seldom walked trail and hence it will be more of an exploration than just being a trek.

*We conduct wilderness program on this route.*
